

## Introducing the Dulce de Leche Chocolate Collection

Tuesday, 06 May 2008

Fat Turkey Chocolate Company is proud to announce the arrival of their new Dulce de Leche Chocolate Collection. The Dulce de Leche Collection is a line of naturally flavored chocolate caramels. The new product line evolved from their very popular Lavender Caramel with Hawaiian Sea Salt Chocolate. "We wanted to offer a caramel collection with unique powerful flavors that can be enjoyed by chocolate lovers of all ages." says Jennifer Flood the Owner and Founder of Austin Texas based Fat Turkey Chocolate. The Dulce de Leche Collection contains no alcohol, artificial flavors or preservatives. Each chocolate is hand made in small batches using only the highest quality blended European chocolates, natural flavors, and premium herbs and spices.

The Dulce de Leche Chocolate Collection is shelf stable and does not require refrigeration. However, like all fresh chocolates, they are best enjoyed immediately after purchase. You can purchase the Dulce de Leche Collection at Cissi's Market on South Congress, at Flora and Fauna on 12th and Lamar or online from our their website <http://fatturkeychocolate.com>.
